Challenge

In March–April 2025, the Knitto website and blog experienced a notable drop in performance, largely due to the Google Core Update and the extended Eid holiday.

- Traffic declined by 14.79%
- Impressions decreased by 30%

Strategy

- Audit & update content: Identify dropped pages via Google Search Console & Semrush, then refresh content to better match current search intent and E-E-A-T principles.
- Improve Site & UX: Fix technical issues, optimize mobile-friendliness, and enhance internal linking for better crawlability.
- Write new articles in winning topics to build topical authority.

Results:

Achieved a strong recovery in traffic and impressions—exceeding previous levels. Between May and June:

- Traffic grew by 20.3%
- Impressions increased by 26%

Strategy:

- Crafted article brief within fashion and textile niche.
- Edited, proofread, and optimized articles from SEO writers.
- Conducted keyword research and competitor analysis.
- Developed monthly content plan.
- Optimized local SEO.
- Optimized existing articles to bring more traffic and leads.
- Wrote SEO-optimized articles for blog and product descriptions.
- Optimized product landing pages on Knitto website.
- Optimized SEO aspects on articles (meta url, meta description, meta title, natural keyword placement, link building, media insertion)
- Analyzed website and blog performance on weekly and monthly basis.

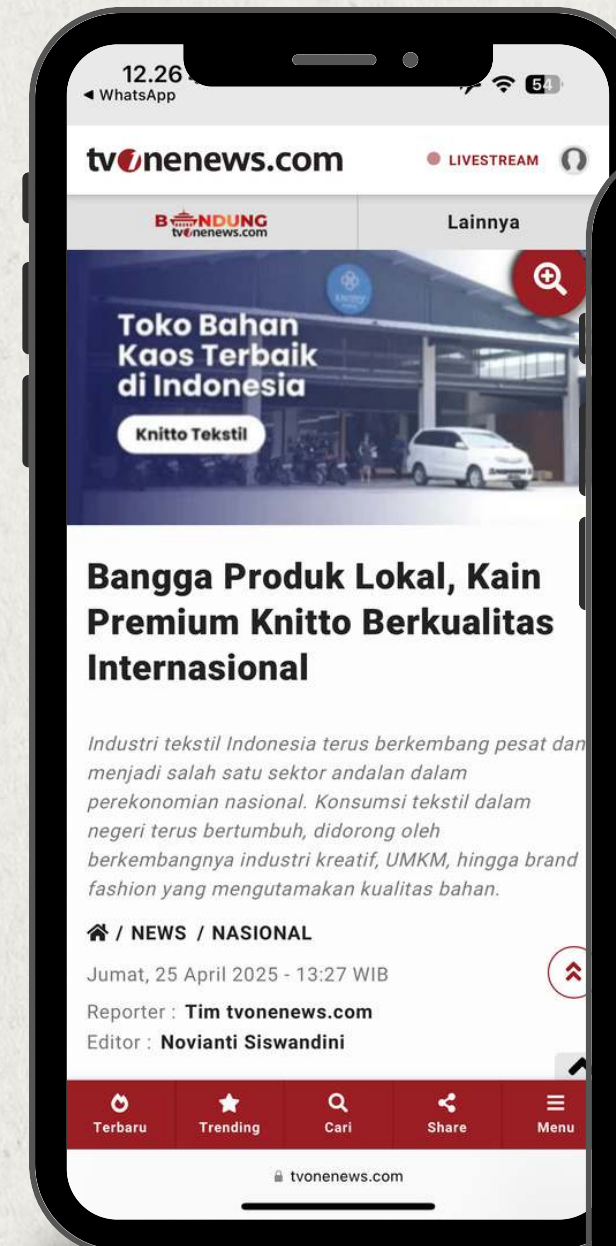

Strategy:

- Wrote guest post articles for various platforms, including Kompasiana and Retizen to enhance brand mention.
- Developed press release content specifically for paid backlink campaigns to increase brand authority.
- Conducted media research to identify suitable sites for paid backlink placements.
- Performed backlink audits and disavowed toxic or spammy backlinks.
- Enhanced local SEO by creating location-specific content targeting areas near Knitto branch stores.

Brand Partnership

Personal Project

visitcianjur

Isipiringku

ItsBuah & TrueDetox

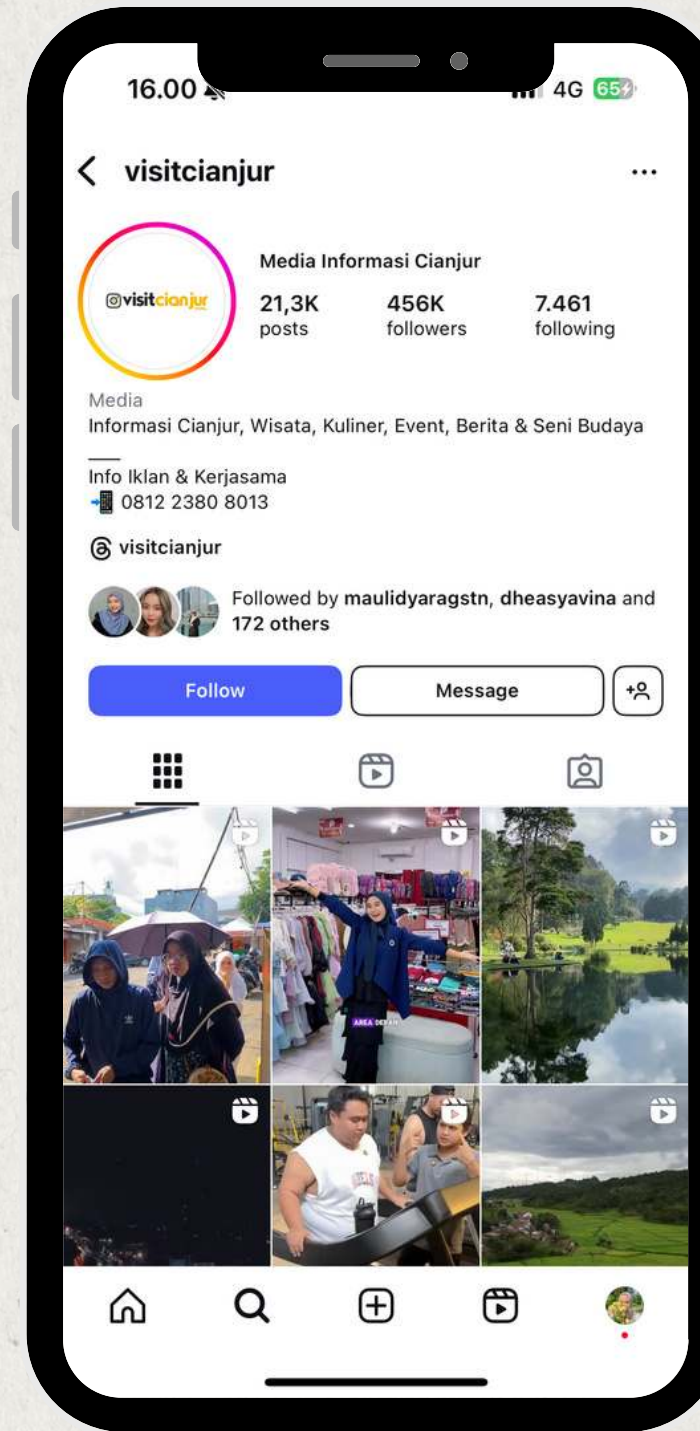

Objective

Developed Visit Cianjur Instagram account to increase followers growth, reach, impression, engagement, and brand placement.

Strategy

- Developed a content calendar segmented into three key pillars: educational, entertaining, and branded placements.
- Managed end-to-end content production, overseeing the entire process from ideation to publishing.
- Served as the primary liaison for brand partnership opportunities.
- Delivered client pitches that led to secured brand placements: **Mustika Ratu Cianjur, BRI Cianjur, CrowdDana, and PT Honda Prospect Motor.**

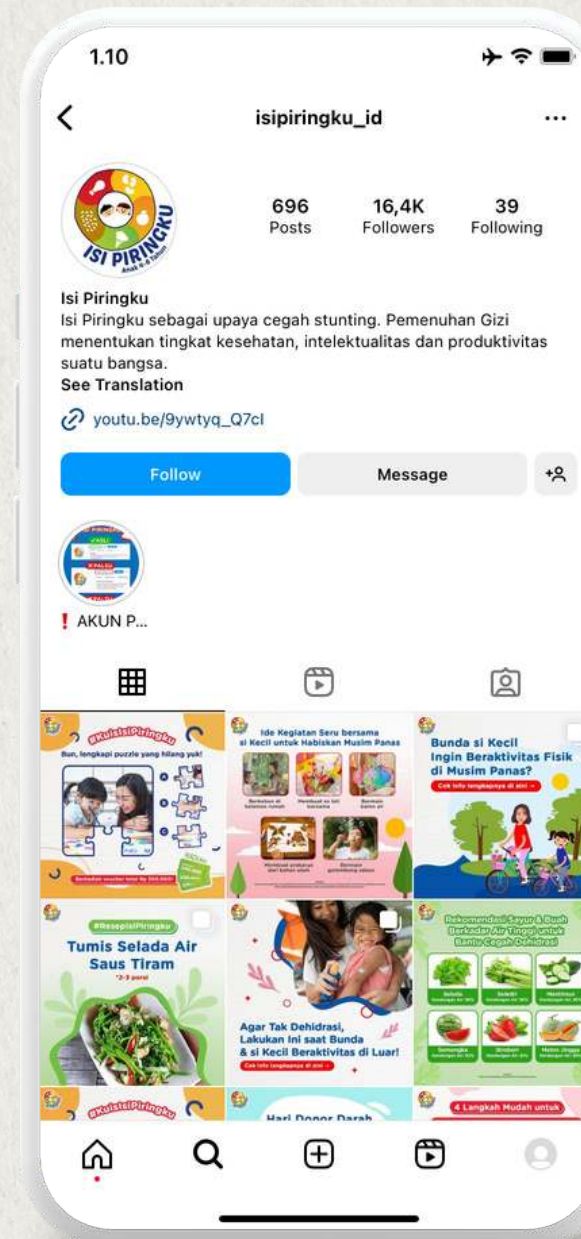

Background

As part of its sustainability effort, Danone Indonesia—along with its subsidiaries Aqua, Nutricia, and Sarihusada—has launched a nutritional education program called Isi Piringku to help reduce stunting prevalence. The program is further amplified through digital outreach on platforms such as Instagram and YouTube.

Strategy

- Oversee the content planning and development process in collaboration with the agency, ensuring accuracy from both a nutritional and scientific standpoint.
- Contributed to content ideation by aligning with trending topics to maximize relevance and engagement.
- Reviewed and refined copywriting to ensure it adhered to the brand's tone of voice and effectively resonated with the target audience, primarily mothers.

Objective

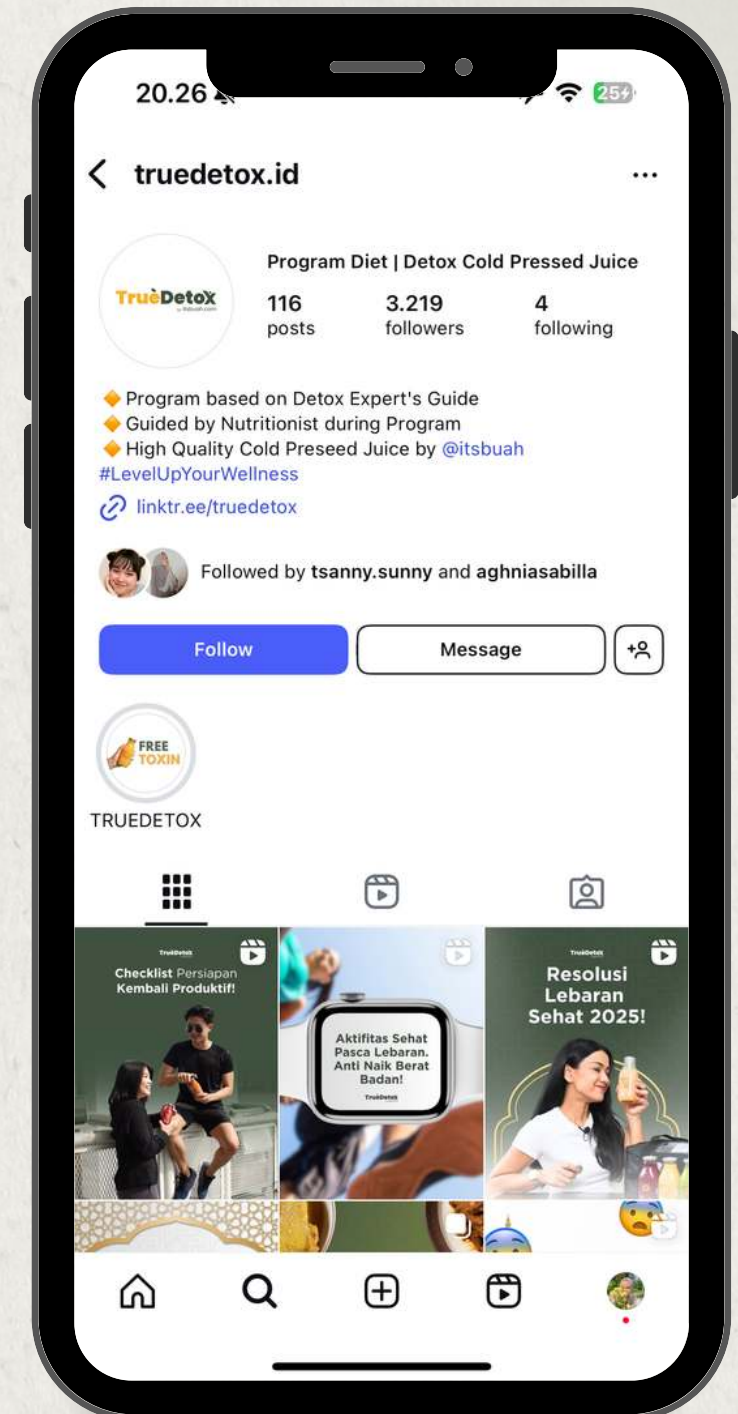

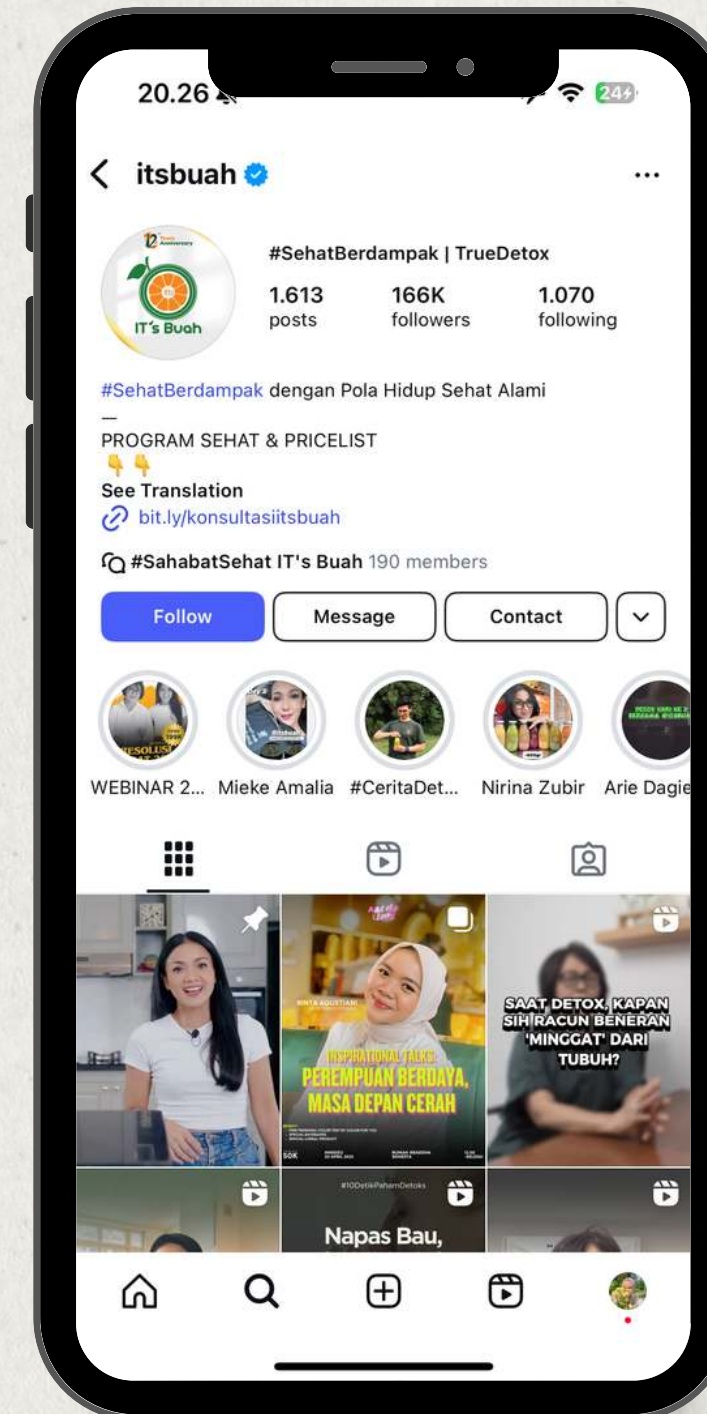

Supported brand awareness efforts for IT's Buah's newly launched program, TrueDetox, with a focus on amplifying the initiative to drive lead generation. For the main IT's Buah brand, content was maintained consistently without specific campaign targets.

Strategy

- Managed end-to-end content production, from ideation to publication across digital channels.
- Collaborated with cross-functional teams, including brand strategists, graphic designer, and performance marketing to ensure consistent brand messaging across all platforms.
- Crafted persuasive and compelling ad copies to effectively capture audience attention and drive engagement.

Results:

Contributed to a **1,058% increase in revenue**, a **34.2% growth in qualified leads**, and a **75% improvement in ROAS**.

persiapan badan biar body goals pas lebaran 🥰

Kalau iya, udah persiapan apa aja #DetoxWarrior?

mulai mealprep biar praktisss

Eau ga sih, puasa jadi momen terbaik buat reset tubuh loh

MANFAATNYA:

JELAS, MENURUNKAN BB

One older review from 2015 showed that whole-day fasting could reduce body weight by up to 9% and significantly decrease body fat over 12-24 weeks.

MENINGKATKAN GROWTH HORMONE

Human growth hormone (HGH) is a protein hormone central to many aspects of your health.

Research shows that this key hormone is involved in metabolism, weight loss, and muscle growth.

MENURUNKAN RISIKO PENYAKIT DEGENERATIF

Some studies have found that fasting can help decrease levels of inflammation and promote better health.
